- Having the experience with these tools like: Jira, Salesforce, Eclipse, Netbeans, Tomcat, Postman, SOAP UI, Advanced web browsers & Networking, sublime, Advanced notepad++, Visual Cron, Visual Studio, VS Code, KAFKA, Docker, Kubernetes.

### **Grasp Technology**— *Java Developer* (Software Developer)

July 2019 - July 2021  [ 2Years, 0 Months]

- Possess expertise in Java technologies, Microservices Architecture, Web services, API development, and Enterprise Integration Layer.
  - Implement Microservices architecture, visualization, and development processes.
  - Demonstrate strong technical proficiency in Java and Spring Boot framework.
  - Experienced in Restful and SOAP Web Services.
  - Possess expertise in implementing services layer using multiple integration technologies.
  - Knowledgeable in API management, Service discovery, service orchestration, and security as a service.
  - Worked with the US & Canada working hours.
  - Having experience with Financial companies like BOA.
-

## Education

**M.Sc Computer Science with credits, Dr. BAMU Uni**— **Govt** Dept Of CS & IT

June 2019 - June 2021 

**B.Sc Computer Science Honors, Dr. BAMU Uni**— **Govt** Model College

June 2016 - June 2019 

**HSC, Maharashtra State Board**— *Sant R. College*

June 2013 - June 2015 

**SSC, Maharashtra State Board**— **Govt** Z.P. School

June 2012 - June 2013 

---

## Certification Courses

Spring Boot Essential Training, Advanced Java Programming, Building Applications with Angular, Kubernetes Essential Training: Application Development, and Entity Framework Core, Continuous Integration: Tools, Object Oriented Programming with JAVA, SQL Essential Training, AWS for Developers: SNS, SQS, and SWF, Postman Essential Training, Search Techniques for Web Developers, AWS Essential Training for Developers, Advanced SEO: Developing an SEO-Friendly Website, Strategic Thinking [Know More](#)

---

## Projects

Maintained on Github [Know More](#)

### Organizational Integrations -

- Worked on Java with almost more than 200 client fortune companies. Worked with big Firm companies

Like: Amazon, Google, Workday, HSBC, AM etc Developed More than 400 projects in a few years.

- Having a great experience with Client-facing and technical Reviews & Worked on Business Requirements, Technical Requirements gatherings.
  - Worked on Java Technologies and their tools, Database Spy, DiffDog, FlexText, SchemaAgent, StyleVision, UModel, and XMLSpy
-

## Personal Details

**Permanent Address:-** N1, CIDCO, Aurangabad, Maharashtra, India (431001).

**Gender** :- Male

**Marital Status** :- Unmarried

**Nationality** :- Indian
